UNTHA Recycling Technology (URT)

Materials Recovery System for Household Appliances

The ARCA Advantage...

♻️ **Most Reliable**

- Best plant design and controls
- Longest shredder life
- Readily available replacement parts

♻️ **Most Economical**

- Specifications customized for throughput
- Expandable system design
- Lowest nitrogen demand and uncontaminated effluent

♻️ **Most Robust**

- Renowned UNTHA shredders
- Automated controls
- Online maintenance
- Outstanding service

♻️ **Most Profitable**

- Clean, high-quality metal and plastic frag
- Metal-free, absorbent, high-Btu PU pellets (not powder)

♻️ **Safest**

- Lowest nitrogen levels for best explosion controls with pentane and cyclopentane
